

MOVING REMINDERS:

Regardless of what items you are packing, always make sure you do the following;

1. Place packing paper on the bottom of the box for protection.
2. Wrap breakable items with packing paper and provide a cushion between the items.
3. Place packing paper on the top of items prior to closing box (smaller boxes = heavier items, larger boxes = lighter items).
4. Always make sure boxes are sealed tightly and labeled appropriately.
